Statements contained herein concerning future performance, developments or events, expectations for earnings, growth and market forecasts, and similar statements that are not historical facts are intended to be "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995, and as such, are subject to a number of risks and uncertainties that may cause actual results to differ materially from expectations or our stated objectives. Factors that could cause actual results to differ materially, include, but are not limited to, declines in regional and general economic conditions; changes in interest rates, deposit flows, demand for loans, real estate values, competition, and/or loan delinquency rates; changes in accounting principles, practices, policies, or guidelines; changes in legislation or regulations; changes in the regulatory environment; changes in monetary policy of the Federal Reserve Bank; changes in fiscal policy of the Federal government and the State of Idaho; changes in other economic, competitive, governmental, regulatory, and technological factors affecting operations, pricing, products, and services; material unforeseen changes in the liquidity, results of operations, or financial condition of the Bank's customers. Accordingly, these factors should be considered in evaluating forward-looking statements, and there should not be undue reliance placed on such statements. The Bank undertakes no responsibility to update or revise any forward-looking statements.
